

D3 Fest			
Day 0 (6 Nov)			
Event	Description	Timeline	Event Location
Innauguration	Inauguration ceremony marking the official commencement of D³ Fest, featuring opening addresses and launch of events.	5:30-6:30pm	CG-02
Day 1 (7 Nov)			
Event	Description	Timeline	Event Location
Rewind And Recode	A 24-hour national-level hackathon where participants collaborate to develop innovative tech solutions.	4 pm(7th)-5pm(8th)	
Terra Trek	a terrain-based robotics competition where robots navigate rugged tracks while carrying a payload. The event tests strength, stability, and control, rewarding teams that blend engineering precision with smart strategy.	9am-5pm	Ag-02
Capture The Flag	A cybersecurity competition where participants solve real-world hacking challenges to find hidden flags and earn points. The event promotes both offensive and defensive cybersecurity skills through practical problem-solving.	10pm-6am	
Day 2 (8 Nov)			
Event	Description	Timeline	Event Location
Workshop.exe	A series of hands-on sessions led by industry experts, covering emerging technologies like AI, Blockchain, Web3, AR, and VR. It provides practical experience and real-world insights into cutting-edge innovations.	Whole day	AG01/CG02
Techtalk	Tech Talk is an interactive session featuring industry leaders and innovators who share insights on emerging technologies, trends, and career opportunities, inspiring students to explore and shape the future of tech.	6pm - 8pm	Openspace/CG02
Nether of Code	Nether of Code is a coding competition exclusively for first-year students, hosted on HackerRank. It aims to introduce beginners to competitive programming through problem-solving and logical thinking challenges.		
Race of Wings	Race of Wings is a drone racing competition where participants design, build and pilot drones through a challenging obstacle course. The event tests speed, control, durability, and teamwork in a thrilling race to the finish.	9am-5pm	Ag-02
Day 3 (9 Nov)			
Event	Description	Timeline	Event Location
Code-o-lympic	Code-O-Lympics is a competitive coding event where participants solve algorithmic and programming challenges to test their problem-solving, logic, and coding efficiency under time constraints.	1:30-4:30 pm	CG-05,CG-06,CG-07,CG-08
Save the Survivor	Save the Survivor is a robotics challenge where teams design autonomous	9am-2pm	Ag-02
Robo Rogue	RoboRogue is a robotics soccer competition where student-built bots	11am-5pm	Ag-02
Prize Distribution Ceremony	The closing event of D³ Fest, recognizing and rewarding participants for their outstanding performances across various competitions and events.	6-7pm	Openspace/ CG-02
DJ Night	A high-energy musical evening where students celebrate the fest's conclusion with music, dance, and unforgettable vibes.	7-9PM	Openspace
